

Invitation to a seminar in Oslo:

Energy and Environment

It is a pleasure to invite you to this seminar, which provides information on the latest development within electric energy and environmental technology in Japan.

The seminar is held by JETRO Copenhagen in co-operation with the Embassy of Japan and Oslo Chamber of Commerce.

The aim of the seminar is to prepare the ground for future co-operation between Norwegian and Japanese companies and institutions in the field of energy and environmental technology.

Learn more – and enjoy a free lunch with colleagues and experts.
